

afforded if the Participant requests one, but authority to grant a hearing is within the discretion of the Administrative Law Judge in OHA. A suspension remains in effect pending the result of its appeal.

(d) SBA has the burden of showing that adequate evidence exists that protection of the Federal Government's interest requires suspension before OHA or the AA/8(a)BD makes a final determination regarding the termination action.

(1) The term "adequate evidence" means information contained in the record before the AA/8(a)BD at the time of his or her suspension decision that is sufficient to support the reasonable belief that the Government's interests need to be protected.

(2) SBA need not demonstrate that an act or omission actually occurred in order for OHA to uphold a suspension. SBA's burden in a suspension proceeding is limited to demonstrating that it had a reasonable belief that a particular act or omission occurred, and that that act or omission requires suspension to protect the interests of the Government.

(3) Unless the Administrative Law Judge consolidates the suspension and termination proceedings, OHA's review is limited to determining whether the Government's interests need to be protected, and will not consider the merits of the termination action.

(e) If there is a timely appeal, the decision of the Administrative Law Judge is the final SBA decision. If there is not a timely appeal, the decision of the AA/8(a)BD is the final Agency decision.

(f) Upon the request of SBA, OHA may consolidate suspension and termination proceedings when the issues presented are identical.

(g) Any program suspension which occurs under this section is effective until such time as SBA lifts the suspension or the Participant's participation in the program is fully terminated. If the concern is ultimately not terminated from the 8(a) BD program, the suspension will be lifted and the length of the suspension will be added to the concern's program term.

(h) SBA may suspend a Participant from program benefits where a change of ownership or business structure has

been requested if ownership or control of the participant changed prior to SBA's approval pending resolution of the request to change its ownership or control. If the change of ownership is approved, the length of the suspension will be added to the firm's program term where the change in ownership results from the death or incapacity of a disadvantaged individual or where the firm requested prior approval and waited 60 days for SBA approval before making the change. The suspension will be commenced by the issuance of a notice similar to that required for termination-related suspensions under paragraph (b) of this section, except that a change of ownership suspension is not appealable.

(i) SBA does not recognize the concept of de facto suspension. Adding time to the end of a Participant's program term equal to the length of a suspension will occur only where a concern's program participation has been formally suspended in accordance with the procedures set forth in this section.

(j) A suspension from 8(a) BD participation under this section has no effect on a concern's eligibility for non-8(a) Federal Government contracts. However, a debarment or suspension under the Federal Acquisition Regulation (48 CFR, chapter 1) will disqualify a concern from receiving all Federal Government contracts, including 8(a) contracts.
